

AMENDED

PLAT

to rearrange lots in and adjacent to the Republic Addition to the Town of Cooke, a subdivision of PARK COUNTY, MONTANA resulting in five lots in the NW 1/4 of Section 25 T95, R14E, MPM

Survey requested by Richard W. Edwards, it being his desire to rearrange 21 existing lots within and adjacent to the Republic Addition to the Town of Cooke into five lots. These lands include a portion of Block B of the Republic Addition, all of Block A, a portion of the Huston Millsite (MS 40), and all of Government Lot 50 of Section 25.

Basis of bearings derived from C/S 522, SD 117, etc.

HISTORY

The location of the Republic Addition to the Town of Cooke is discussed in detail on Sheet 1 of SD 117. Subsequently, the Forest Service accepted my locations and placed monuments as shown at the northeast and northwest corners of the Republic Addition. *SEE ADDITIONAL NOTE BELOW

Miller Street, as created by the Republic Addition, was abandoned by Park County in 1968. The Edwards family owned all adjacent lands (See SD 117), so Miller Street reverted to them.

SD 117 consolidated Edwards lands in Lots 18, 19, & 20 of Block B into Lot 20A.

SD 123 added a portion of MS 40 to Lot 29 of Block B to create Lot 29A.

The "Blain cabin" was built mainly on National Forest land, with the access road running easterly along the alley in Block B; thence across MS 40, switching back up across Lots 30, 31, 32, 33, & 34 of Block A, as shown. In 1992, the U.S. Government created Govt. Lot 50 and sold it (1994) to Rodney A. & Mary K. Blain, who cleared up the encroachment. (The conveyance is recorded on Roll 100, Page 1517. The government Survey is recorded as an exhibit on Page 1578.)

The Blains then entered into an agreement with the Edwards, whereby the Blain Addition is to be added to the Blain cabin site (placing that portion of the access road which crosses the Republic Addition within Blain property). An equal area of Republic Addition is to be removed from the westerly end of Lot 50 and added to Edwards property (Lot 39A of the survey). For this purpose, the Blain Addition and Edwards' Addition tracts are hereby created for one-time-only transfer.

DESCRIPTION
BLAIN ADDITION TRACT
(for one-time-only transfer)

A tract of land in the NW 1/4 of Section 25, T95, R14E, MPM, Park County, Montana, being a portion of Block A of the Republic Addition to the Town of Cooke.

The point of beginning is the northeast corner of the Republic Addition to the Town of Cooke, which point is marked with a brass cap.

Thence S 06°00.0' E along the northeasterly line of the Republic Addition, a distance of 134.28 feet to a point marked with a Surv Cap.

Thence S 04°43.4' E a distance of 143.47 feet to a point marked with a Surv Cap.

Thence N 16°50.0' W along the easterly line of the Republic Addition, a distance of 72.77 feet to the point of beginning.

The above-described tract contains 4837 square feet, more or less.

Location

NOTE: C/S 522 attempted to re-establish the boundaries of the Republic Addition. This is discussed in detail on Plot 20 117. Subsequently, the BLM (as exercised by the Forest Service) accepted my arguments on SD 117 when the 1992 re-survey was done in Section 25. At that time, all lots shown on the original C/S 522 and SD 117 plots 20 & 21 were currently accepted. However, instruments "B" and "X", which were marked with platinum caps during the field work for C/S 522, were never re-established. Instruments "B" and "X" and stakes painted red on this line have not been removed or obliterated. I assume this was not changed, because the line corner does not relate to federal lands. The instrumented "B" & "X" line markings should be disregarded as relating to property boundaries.

DISCLAIMER: As stated on the face of SD 117, any lines shown herein outside of the heavy black lines are to be considered as informational only, and should be independently evaluated when addressed in subsequent surveys.
